
Hygiene-Award of the

RUDOLF SCHÜLKE STIFTUNG

The prize will be awarded in 2018 for outstanding scientific work in the fields of

HYGIENE - MICROBIOLOGY - PUBLIC HEALTH

Original Papers (no reviews, editorials, letters) on the prevention and control of contagious diseases are requested.

Original Papers on the development and the use of preventive measures or Original Papers on procedures for antiseptic, disinfection, cleaning and their interaction with microorganisms will be considered.

Original Papers in connection with such uses and questions of epidemiology as well as the ecology of microorganisms relevant to health and of immunity prophylaxis are also requested as are papers on the consequences for public health and health economy resulting from this.

For each application only one Original Paper which has been published in German or English in a scientific journal since **1 January 2015**, or which is accompanied by a certificate of acceptance by the publisher, may be submitted.

The award carries **€ 15,000.—**, and will be presented at a ceremony. In exceptional cases the award may be split. The winners will be decided by a jury of the board and council of the Rudolf Schülke Foundation, whose decision is final.

Applicants are requested to submit their work by email latest by **15 February 2017** as a pdf file to andrea.rodewald@schuelke.com.

Alternatively, papers can be sent by mail (10 copies) latest by **15 February 2017** (date of postmark) to the **Office of the Rudolf Schülke Foundation, Robert-Koch-Str. 2, 22851 Norderstedt**.

Representatives at universities and similar institutions may send nominations for the award to the same addresses.
